MATCH DAY TIMETABLE

THE SKIPPER

Good afternoon and welcome to today's game with Charlton Athletic.

The game against London City was hard-fought and it really showed our character. We came from behind twice, scoring a really late goal which felt like a win. It was a really important point away from home alongside a positive performance to build on.

Scoring late shows great character and what we're all about. When things aren't going your way you can roll over or fight for it, and that's what we showed.

We followed that with the game at Blackburn and it was a very good performance - one of our best this season. We played some really good football, it was calm, and we were in control. We did find ourselves behind just before half time which is one of the worst times to concede, but again we came out fighting. We were disappointed with the result as we felt we deserved more from the game but once again it was another very good point away from home.

It's so good to see our style of football coming through and we need to continue it. We're working so hard to get it and it's coming out in our performances. We just need to get to that next level now and really push for the three points.

Last week saw us head out into the region for International Women's Day. It's so important that we get out in the community and connect with the next generation. We want to be able to show them the opportunities they have now that perhaps we didn't, how we've overcome obstacles and who inspired us and continues to inspire us every day.

Today we welcome Charlton to Maiden Castle. We played them early in the season and come away with a really important point and we were unlucky not to get all 3 after conceding a very late penalty. We know it's going to be an incredibly tough test and that we're going to have to be at our best.

We're all looking forward to being back at home after two away games. Even though the Blue Army has been incredible at both away games we're looking forward to being back at home at Maiden Castle. The support so far this season has been great, and we know that everyone is going to continue to back us over the next few weeks.

Thanks as always for your support, and I hope to see you back here on March 31 when we play Crystal Palace.

SARAH WILSON

There are 4.36 million of us and we are
tomorrow's female future.

We're part of every community and come from all social backgrounds, cultures and religions with different skills and abilities. We're an unstoppable force for good if we're given the chance. The chance to play football.

We want to play in the school curriculum, at breaktime, after school, at local clubs

wherever, whenever we want.

NO barriers, NO stereotypes

LET US PLAY.

MEET TODAY'S CHARITIES

We're welcoming two charities to today's game - and here's a bit more about the organisations joining us:

We're welcoming the Guide Dogs team - who are looking for new members!

They rely on volunteers who give their time for so many things - from joining a local fundraising group or starting your own with friends and family, to being a My Sighted Guide working with people who are blind or partially sighted, or a volunteer who cares for our dogs. There is something for everyone and an opportunity to be involved in almost every area of what we do.

By volunteering for Guide Dogs you'll be helping to make a huge difference to people living with sight loss. But that's not all - you'll be part of a great team, you'll be learning new skills and we promise you'll have a lot of fun! Go to www.guidedogs.org.uk/ volunteer or call 0345 143 0191

We're also welcoming the team from the British Heart Foundation and their store in Byker, Newcastle-upon-Tyne.

Heart attacks that strike without warning, strokes that shatter futures, newborn babies born with broken hearts. These are just some of the cruelties of cardiovascular disease. And the brutal reality is, there is so much more for science to discover before we can beat the world's biggest killers.

That's why British Heart Foundation exists. Funding research is how they change the game. And we all have a role to play. The tools we have at our disposal today - from heart transplants and pacemakers to stents and portable defibrillators - are all down to research. Research made possible by people like you.

When we join forces, we can make the impossible possible. Find out more at bhf.org.uk.

HOW IT STARTED...

"I started playing around 4 years old with my with my twin brother at our local 'micro soccer' league. My dad has always been football mad and was definitely the one that encouraged and ignited my love for the sport."

MY FIRST TEAM...

"The first team I played for was the Marple Newtown Crushers and to be honest with you that was possibly the best group to start playing competitively with. It was our local girls team but I also got to play with the boys side and play with my twin brother because my dad was the coach them as well. I absolutely loved playing against the boys and I loved having my dad as my coach."

SENIOR STEP-UP & TURNING PRO...

"After I graduated from Old Dominion University, Durham were the first and only team to give me the opportunity to move over to England to play part time football. The transition was already hard enough moving away from home and being the first time I touched a ball since my ACL surgery. But the girls on the team are genuinely some of the best human beings I've ever met and made the transition so much easier than I could have ever thought. I've been lucky enough to start my professional career with Durham in their first year as a professional club as well."

FROM THE PRESS BOX

Greetings from the Back of The Stand!

Two weekends ago, I was lucky enough to be present at the North East Football Writers' Awards Dinner. A great occasion, hosted by BBC 5Live Commentator, Ian Dennis and, "Jack of all Trades and Master of Many" Colin Young, who also organised it. A great night was had by all. It was memorable for many things but especially for the awarding, for the third year running, of the Footballer of the Year Award to our very own Sarah Robson.

"Mac" had a fantastic year last year; she would go onto tell me more about our Team and the successes of the Academy that she coaches than herself, but that typifies the person and player who wears our number 6. Finishing her first professional season and passing 100 caps for Northern Ireland were just two personal achievements in 2023.

Modest, humble and thankful are three of the many qualities that Mac showed on receipt of the award; more qualities were shown on the screens inside Ramside Hall; with highlights in Blue and in her national colours. Qualities we are lucky enough to see here on Matchday,

but qualities that her teammates see, admire and are inspired by every day.

With five games left of the season, we'll be hoping for that inspiration to continue to work as it did Away at Blackburn and has done throughout the season. The passion, determination and directness of play is coming together well.

Charlton, as always, will be a great test today as will the opposition next week and in the rest of the season - we can make a difference above us and hopefully join the teams up there too.

Mac and the other role-models throughout the team will be looking to inspire future generations (and us all) to follow in their footsteps and never give up!

I hope you can join us inside and outside the ground via www.dhradio.org.uk for live commentary today and for the rest of the season (including next week!).

Enjoy the game and let's hear "the Wildcat Roar"!

LATEST PATHWAY NEWS

Two of our Under 14 squad have earned international recognition – after being selected by England U15s.

Shae will join up with the squad for their next training camp, while Ellen has been named on the standby list.

After our Under 16 side reached the PGA Plate Final last month, our Under 14s have now followed suit and reached their League Cup Final!

A 6-0 win sealed their place in the showcase event.

Our Under 12s headed to Manchester a fortnight ago for an invitational tournament.

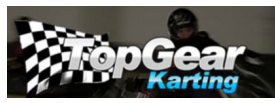

There, the young Blues beat Manchester City (twice!) and Manchester United while also drawing with a side from the Midlands.

Well done, everyone!

CHARLTON ATHLETIC

TOP SCORER

Kayleigh Barton has netted five times for the Addicks this season since joining from Brighton - including a penalty in the reverse fixture.

THE CAPTAIN

Experienced midfielder Kate Longhurst wears the armband for Charlton, bringing extensive Barclays WSL experience to the side.

THE SEASON SO FAR

It's been a strong season for Charlton were are firmly in the race for promotion as we enter the business end of the season. The Addicks have lost just twice this term - to Watford and Reading - and are just four points off the summit.

THE ONES TO WATCH

Arsenal youngster Freya Godfrey joined Charlton on loan at the end of the season and has been a real threat in forward areas - typically playing out wide for the Addicks. At the other end of the field, Keira Skeels has impressed at both centre back and in central midfield this term and is a player trusted by manager Karen Hills.

INTERNATIONAL WOMEN'S DAY

International Women's Day 2024 saw Durham Women engage with hundreds of youngsters across the North East.

First team players from the club visited events throughout County Durham and Teesside to inspire the next generation on an important day of the year.

As well as answering questions, posing for photographs and passing on advice and insight into life as a professional footballer, players also dished out tickets for today's Barclays Women's Championship fixture against Charlton Athletic.

Here's exactly what the players were up to:

In association with club partners Vision for Education, we visited six schools across the North East to deliver inspirational assemblies to their students:

- Becky Salicki & Beth Hepple – Tanfield School
- Lauren Briggs & Grace Ayre – Castleside Primary School
- Dee Bradley & Erin Nicholson – Park View School
- Saoirse Noonan & Lily Crosthwaite – Crook Primary School

- Sarah Wilson & Sarah Robson – Belmont Community School
- Eleanor Ryan-Doyle & Ella Wilson – Browney Academy

Mollie Lambert and Naoisha McAloon were at Bede Sixth Form Centre and hosted a Q&A with members of the ISE Women's Football Academy.

New Ferens Park hosted Tatiana Saunders and Anna King who joined in with County Durham Sport's International Women's Day Football Festival.

Amy Andrews and Olivia Bramley headed to Newton Aycliffe to join hundreds of youngsters at Sedgefield SSP's Football Festival.

PGA duo Mia Gibbon and Grace Mackie went to Gurney Pease Academy in Darlington to meet students and deliver a fun session.

Thanks to everyone who welcomed us on International Women's Day!

You can see a gallery from our visits on durhamwfc.co.uk!
