FROM THE HEAD COACH
WILLIE KIRK

Welcome to South Shields FC as we step into the League Phase of the Subway Players Cup.

We're really excited to take part in this new-look competition, with six games to come in the League Phase. These fixtures will give us the chance to test ourselves against higher-level opposition, rotate the squad and give opportunities to everyone.

While we haven't got the results we have wanted - or perhaps deserved - in the opening weeks of the season, we can see performances improving week-on-week. The aim in these games is to keep on that trajectory while competing against strong sides from both divisions.

It's great to be playing our home games in the Subway Players Cup here at South Shields FC. We were made incredibly welcome by all the staff when we faced Celtic here in pre-season, and we know that the team at South Shields have been working hard to prepare for these games. We can't thank them enough for that and hopefully we can repay that work with some fantastic performances and occasions in these three games.

We start the competition against Manchester United and I know that's a game that the players, staff and fans have all looked forward to since the draw was made. It's a great opportunity to test ourselves against a strong side from the Barclays Women's Super League. At the time of writing these notes, United have just claimed their first point of the season at Arsenal and they really showed the quality they have in that game. They have a squad packed with international talent and whatever team they field, it will be a fantastic test for us.

The same can also be said of Birmingham City who have strengthened over the summer following their well-deserved promotion. They've been competitive in all their Barclays Women's Super League games so far and we know they will also provide a stern test when they visit the North East.

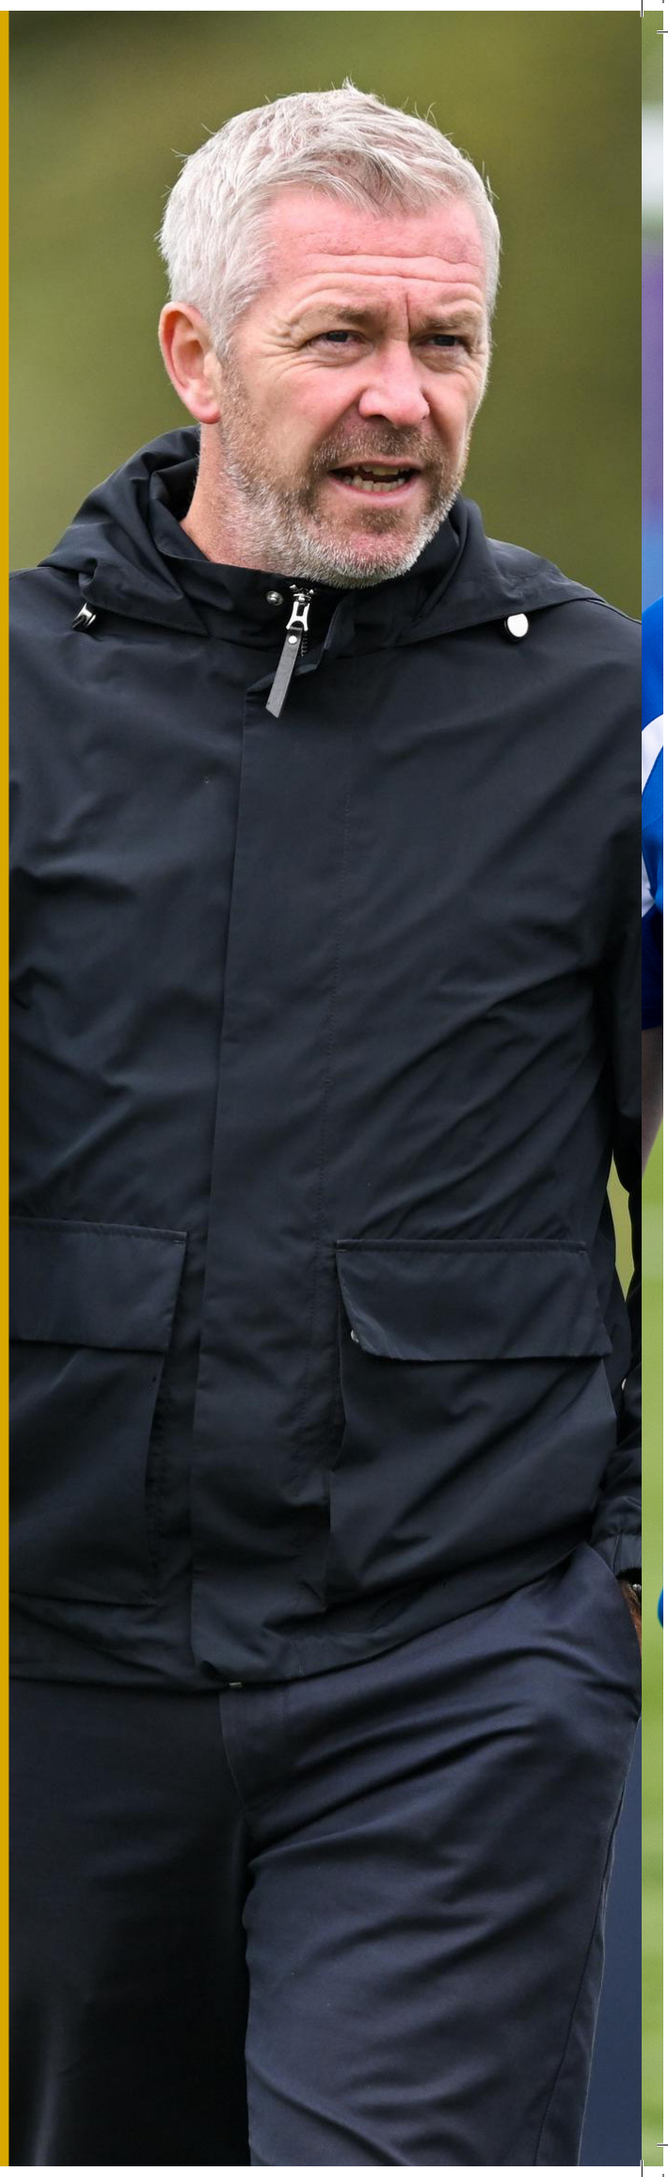

Our final home game is against Newcastle United and that North East Derby is another game to really look forward to. They've started the season fantastically well and have signed some excellent players over the summer. It will be another challenge for us but one I know the players will rise to meet - particularly when it's a local rivalry.

We will also play away fixtures against Burnley, Everton and Sheffield United and these will again pose different challenges for us. We're really excited for all six games in this competition and the jeopardy and excitement that cup football brings.

I've been really grateful for the fantastic support we've received since I've come to the club. The backing you have given us at home games so far this season hasn't gone unnoticed and is appreciated by everyone. The fans can really make a difference in cup games, so please continue to get behind the team in these games.

Thank you as always for your support,

WILLIE KIRK

FROM THE CAPTAIN
SARAH WILSON

Welcome to South Shields FC for our Subway Players Cup League Phase fixtures.

On our first few games of the season, you can see we're building something. Obviously the first result against Southampton was disappointing on our behalf. I don't think we showed up on the day, and we didn't perform to the levels that we knew we could have.

The Leicester game, I don't think the scoreline really reflected the game, along with some things that went against us. It's frustrating when you're playing against that and feel like you deserve more from the game. However, the character, attitude and fight from the players, especially in the second half, to try to get back into it is what it's all about.

We showed that again against Forest and if you look back at the stats, you can see that we dominated in quite a few areas.

Again, when the scoreline doesn't reflect the game, it's a tough one to take. It's really important that we don't let that define us. We just keep pushing and keep working. The attitude to get back in and back on the training pitch has been second to none from all the girls and staff. That's all we can continue to do. If we continue doing that, the results will come.

In this competition, there's absolutely no pressure on us and it's an opportunity to enjoy the occasion. We've had some fantastic nights in the past, such as games under the lights against some unbelievable players and some of the best in the world. It's a great opportunity for the girls, it's an opportunity for us to maybe look at something different, and it's also an amazing opportunity for the fans to see these big clubs coming to play against Durham.

For me personally, it's amazing to be playing these games at South Shields FC. It's my stomping ground. I grew up in the area, and it's fantastic to have someone from the area playing at that level. I'm really proud of that and to then be able to showcase what the club has achieved. All my family and friends will be there, and I'm really excited, especially when it feels like home.

Our first game against Manchester United is going to be massive. You only have to look at the calibre of players they've got. They're incredible. We've had some amazing games against them in the past, and there are some international players that we're going to be playing against. It's really exciting for us. It's new for them, and it's new for us as well. For our new girls, who haven't experienced that before, it's going to be incredible.

Birmingham will also be a massive test. Again, it's something we're really looking forward to. Testing yourself against some of the best teams, playing in one of the best leagues in the world, is what it's all about. All the different cup games are going to bring completely different challenges, but it's something new for us to face and something we're really excited about.

Then we finish against Newcastle, and everyone loves a local derby. It's always exciting, especially for the fans. It's good when you can play in a derby. We're quite lucky that we'll get a couple across the season, and getting to play an extra one in the cup is nice. It's exciting for the fans, and we know that one will be an exciting game.

We hope you enjoy the games, and thanks as always for your incredible support,

SARAH WILSON

MEMORABLE MEETING

DURHAM 3-1 MANCHESTER UNITED 9TH DECEMBER 2018

Durham Women blew the FA Women's Championship title race wide open with a historic victory over Manchester United Women. An own goal, a Beth Hepple penalty and a late strike from Zoe Ness wrapped up the victory for the Wildcats in front of a record crowd, as they became the first side to inflict a league defeat on the Red Devils.

The breakthrough came on 22 minutes, when a free-kick from Hepple was diverted past her own goalkeeper by Amy Turner. Casey Stoney's side levelled before the break - Toone sending a sweetly-struck effort into the bottom corner after the Wildcats failed to deal with a long ball.

Durham took the lead before the hour mark - Hepple confidently sending a spot kick into the bottom corner. And the hosts netted a late third when Kathryn Hill's fine break from the back saw her thread in Ness, who left Turner on her backside before firing home at the near post.

MIDFIELDER

Leidhammar is an under-23 international for Sweden and has previously played for BK Astrio and IFK Norkopping - scoring 26 times in 87 games for the latter.

FORWARD

LILY CROSTHWAITE

A familiar face to Durham fans, the pacy winger came through the academy at Maiden Castle and spent six years in the North East - becoming a key part of the squad - before joining Birmingham last summer. She made an immediate impact in the Midlands and was named as the BWSL2 Player of the Year and PFA Player of the Year for her performances.

MEMORABLE MEETING

BIRMINGHAM CITY 0-1 DURHAM
8TH DECEMBER 2024

Durham Women progressed to the Fourth Round of the Adobe Women's FA Cup after victory at Birmingham City. Grace Ayre's first senior goal for the club proved enough for Durham to progress after a superb away day display.

The tie pitted the top two in the Barclays Women's Championship against each other and there was little between the sides in the early exchanges. But with half-time approaching, the visitors took the lead - as a flowing move ended in Ayre sweeping home from the edge of the area.

Birmingham started the second half with real intent but resolute defending from Durham restricted their chances, while the North East side remained a threat on the break. Substitute Kaila Novak drilled narrowly wide from the edge of the box before Mollie Lambert's audacious effort from range cannoned back off the cross-bar with stopper Lucy Thomas beaten.

2025/26 RECAP

HOW WE FARED IN THIS COMPETITION LAST YEAR...

MR1

DURHAM 1-1 SHEFFIELD UNITED (SHEFFIELD UNITED WIN ON PENALTIES)

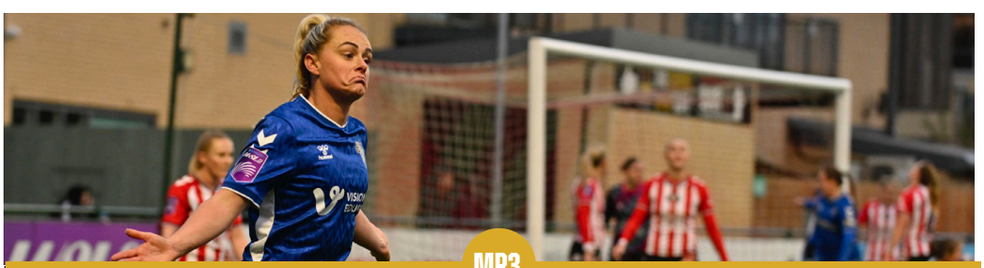

Sheffield United took home the bonus point in our opening Subway League Cup game of 2025/26. In a close-fought encounter at Maiden Castle, the Blades struck first when Joy Ralph hammered home a stunning volley following a corner. Another set piece then led to the Durham leveller - Abbey Jones' corner going all the way in. Neither side could find a winner in normal time which saw the game go to penalties for a bonus point. And, thanks to an inspired performance from emergency loan goalkeeper Katie Keane, the Blades won 3-2 in the shootout.

MR2

DURHAM 1-2 LIVERPOOL

Durham put in a strong performance against top-flight side Liverpool, but were undone by Sam Kerr's late winner. Ceri Holland opened the scoring with fine strike from 25 yards in the 28th minute. But Durham drew level before the break when Michaela Foster's corner evaded the heads of everyone around the six-yard box, sailing into the far corner of the net. The second half brought a relentless spell of pressure from the visitors as they sought to avoid penalties, and that eventually paid off in the dying minutes when Kerr's low strike found the bottom corner to secure the win.

MR3

SUNDERLAND 1-1 DURHAM (SUNDERLAND WIN ON PENALTIES)

Penalty defeat at Sunderland saw Durham exit the competition at the group stage. With only an outside chance of qualifying ahead of kick-off, Durham's hopes were dealt a blow in the early minutes of the second half when Emily Scarr latched on to Katie Kitching's through ball and finished to put the Black Cats ahead. The Blues drew level as Beth Hepple fired home an audacious free-kick from the tightest of angles, but neither side could find a winner. Sunderland clinched the bonus point in the shootout - but neither team progressed to the knockout stages.

After representing Le Havre in France, Thomas joined West Ham in 2019 which began a seven-year stint in the English top flight - including stays at Manchester United and Tottenham and a loan spell with Liverpool in the second half of last season.

MEMORABLE MEETING

DURHAM 3-1 NEWCASTLE UNITED 16TH MARCH 2025

Durham secured the double over Newcastle United in a 3-1 win at Maiden Castle. Aimee Claypole's lightning brace cancelled out Newcastle's sixth minute opener, before Beth Hepple's 98th Durham goal gave the Blues a two-goal cushion before half time.

Newcastle took an early lead through Emily Murphy's looping header six minutes in, but The Magpies' lead lasted only 12 minutes as Mollie Lambert's 18th minute cross met Aimee Claypole to level the score as the Chelsea loanee opened her account for the Blues after a string of positive performances.

Durham won possession straight from the restart and Claypole slotted home a second in quick succession to give the Blues the lead, Lambert assisting again. Beth Hepple's strike on the half-hour mark added a third for Durham, her fifth goal of the season. Despite Magpies pressure, Durham held on through the ten minutes of additional time and secured the victory.

SEASON-BY-SEASON

OUR PLAYERS CUP RECORD & MEMORABLE GAMES

2014

Durham's first-ever League Cup campaign brought a tough draw - and defeats to WSL champions Liverpool, newcomers Manchester City and second tier promotion favourites Sunderland and Doncaster Belles saw them exit in the Group Stage.

2015

The 2015 season saw an almost-identical draw for Durham, and defeats to Liverpool, Manchester City, Everton, Doncaster Belles and Sunderland in the Group Stage.

2016

The 2016 competition brought about a renewed format of the competition, which saw the previous Group Stage model changed to a straight knockout competition. Durham entered at the preliminary stage and were drawn away to league newcomers Sheffield FC. Despite a strong performance in Dronfield, the Blues were beaten 3-1 by their WSL2 rivals - leaving the side still in search of a first-ever League Cup win.

2017/18

After a break in the League Cup owing to the switch from a summer league to a winter league, the competition restarted in late 2017 and reverted back to its traditional format. Durham held top-flight sides Sunderland and Liverpool to 0-0 draws at New Ferens Park, but were denied a bonus point by penalty shootout defeats in both encounters. The Blues then lost 3-2 on the road at Aston Villa as they exited the competition at the Group Stage again.

2018/19

2018 brought about improved fortunes for Durham, as they claimed a first win in the competition thanks to a 1-0 triumph over top-flight side Everton on home soil - Zoe Ness scoring the winner. Liverpool were also held to a 3-3 draw at New Ferens Park, with the Reds securing the bonus point on penalties, while defeats at Reading and Manchester United saw any hopes of progression beyond the Group Stage dashed.

2019/20

In a season curtailed by COVID, Durham had impressed in the League Cup. A 3-0 home win against Aston Villa kicked-off the campaign before a 3-1 triumph at Blackburn handed Durham real hopes of qualifying. A 4-0 home win against Coventry United cemented those hopes, but a 4-0 defeat against Sheffield United ensured another Group Stage exit for the Blues.

2020/21

In a season played behind closed doors, Durham secured qualification to the knockout stages for the first time. Thumping wins over Coventry United and Sheffield United - the latter of which was a 6-0 win in South Yorkshire - as well as a draw with Aston Villa saw the Blues progress as one of the best runners-up. The quarter-final draw saw a trip to West Ham pulled out the hat, where the top-flight side were 3-0 winners.

2021/22

Arguably one of the most memorable seasons for Durham in the competition, despite their exit at the Group Stage, 2021/22 brought a dramatic 2-2 home draw with Manchester United before the Reds won on penalties. A young side then went toe-to-toe with Manchester City away, losing 3-0, before defeats against Leicester City and Everton saw Durham depart the competition.

2022/23

Another memorable campaign - thanks in no small part to a penalty victory over Manchester United at Maiden Castle following another 2-2 draw. Durham also beat Sheffield United on penalties at home, while clinching a 1-0 win at top flight side Everton thanks to Lily Crosthwaite's goal. Defeat on the road to Aston Villa saw the Blues narrowly miss out on progression to the knockout stages.

2023/24

The 2023/24 season brought another strong showing from Durham in the competition. Kicking-off with a 3-2 win over Blackburn Rovers, the Blues followed-up that result with penalty victories over Sunderland away and Sheffield United at home. Sadly, as it had done the previous year, a defeat away at Aston Villa saw any hopes of qualification for the quarter-finals dashed.

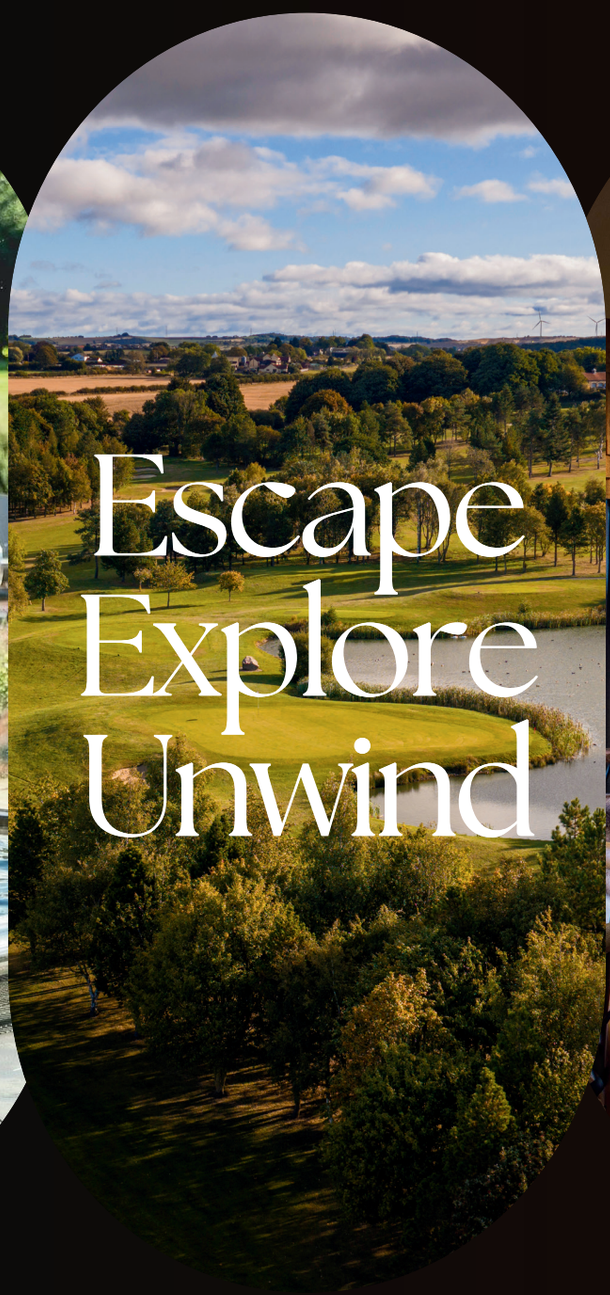

2024/25

For just the second time in the club's history, Durham secured passage to the quarter-finals of the League Cup after a strong group showing. Victories over Blackburn Rovers and Sunderland, as well as a penalty shootout triumph over Sheffield United, saw the Blues top the group and progress - where they were drawn away at Chelsea in the last eight. A 5-0 defeat at the WSL champions didn't reflect a strong Durham performance.

SUBWAY PLAYERS CUP

HOW THE COMPETITION WORKS

WSL Football confirmed changes to the League Cup this summer.

Previously The Subway Women's League Cup, the competition has been renamed the Subway Players Cup to recognise that the new format has been built around player welfare principles and that the ambition for the competition is to put players at the heart of everything.

The group stage of The Subway Players Cup will adopt a Swiss-style league format, with fixtures drawn by region in which each team will play six games - three at home, and three away. This structure guarantees a minimum of six matches and is designed to increase playing opportunities for players not involved in European competition which ensures they are not underloaded and playing too few matches.

The League Phase will be played primarily during the UEFA Women's Champions League match rounds and will replace the previous group phase.

All 23 participating teams will compete together in a single, unified league table.

In total, there will be 69 fixtures in the League Phase, with these played between September and December with three points for a win. For any game tied after 90 minutes, a penalty shootout will take place where the winner receives two points, and the loser is awarded one point.

Following the conclusion of those games, the teams who occupy the top eight positions in the league standings will progress to the Knockout Phase. This will take place from January through to March, with the quarter finals across January 13 and 14, 2027 in the following structure:

- 1st Place v 8th Place (QF1)
- 2nd Place v 7th Place (QF2)
- 3rd Place v 6th Place (QF3)
- 4th Place v 5th Place (QF4)

The winners of those fixtures will then meet in the semi-finals across February 10 and 11, with the higher ranked team from the league phase earning home advantage as follows:

Winner of QF1 v Winner of QF3
Winner of QF2 v Winner of QF4

The final will then be played at a to-be-confirmed neutral venue across the weekend of March 13 and 14, 2027.

FROM THE PRESS BOX

Welcome from the Press Box!

A revamped competition and some new surroundings.

It isn't just the venue that is different this season - I must say the changes to the competition are very exciting too!

No longer will it be dominated by the teams also playing in the Champions' League and with this format, we play more teams; more chance of progression and a variety of tests.

Cup games are always special, as we've found over the years - especially in this competition, and this format should create even more memories for the history books and Durham folk-lore.

We struck lucky this year as Home supporters with the opposition arriving at Mariners' Park - two WSL teams that we know, under the lights, and a Local Derby too!

We've had some unforgettable games at Home against Manchester United down the years and I'm sure we will again!

Birmingham will bring with them Lily Crosthwaite and many of the team that won our League last year.

And the Local Derby is just that - do I need to say more?! Of course, by the time we play them in this competition we would have met them already in the League.

Whether we'll see squad rotations or all the big stars remains to be seen, some of the larger squads have that luxury but it doesn't matter who is on the pitch in opposition, we know our team will give their all and gain lots of valuable experience whatever the results.

We will be entertained and the atmosphere will be amazing.

Three very exciting games and three special commentaries via www.dhradio.org.uk, I hope you can join us for them, inside and outside the ground.

Enjoy the competition!

Let's hear the "Wildcat Roar"!

FROM THE FANS

Welcome from the Durham Women Supporters Club!

We now enter the Subway Players Cup games - just as important for momentum and morale, but a different competition facing some different teams.

As our injured players are nearing full fitness we are seeing improving performances week on week. Hopefully, with a fully fit squad, our performances will give us the results they deserve.

We would like to welcome our visiting players, management and fans and hope they had a good journey up, and safe journey home.

We have had a number of fans asking about membership.

We are pleased to announce we have finalized the joining items that members will receive and we think members will be pleased with what they will receive when they sign up.

We really appreciate the support that fans give us through their membership which in turn helps us to support the football club at many levels, as well as benefitting local charities and trying to enhance our fans' match day experience.

We are always looking to increase our membership so please see one of the committee members at any of the home or away matches.

You can also check out the website www.durhamwsc.com, or email us at committee@durhamwsc.com.

We also have a Facebook group which is very welcoming, just search for Durham Women Supporters Group.

Enjoy the matches!
